

KRIYA YOGA PILGRIMAGE TO THE HIMALAYAS

September 26 to October 14, 2025

With Acharyas Annapurnama and Ganapati

Due to the great interest in our previous pilgrimages to the Himalayas, Acharya Ganapati and Acharya Annapurnama will lead a group of Kriya Yoga students on a pilgrimage to Badrinath, associated with the life and accomplishments of Babaji. It will be an unforgettable experience in the homeland of Yoga, where Babaji's Kriya Yoga was born. We will be comfortably accommodated in the 13 apartments of our new ashram in Badrinath, located near the Tibetan border, at an altitude of nearly 3400 meters.

On a pilgrimage, we seek to draw closer to the Divine by meditating in sacred places that serve as a "terrestrial gateway" to the Infinite and the Absolute. It is easy to experience the Divine Presence in places like Badrinath, sanctified by the spiritual practices of so many yogis and saints.

There will be group Kriya Yoga practices and Satsanga at least twice a day, allowing participants to advance in their experience. There will also be excursions to various sites of interest, such as Vasudhara Falls, Vyasa Cave, the base of Mount Nilakantan, the Badrinath Temple, and the hot springs ghat nearby. However, the primary objective of this pilgrimage will be to deepen our

practice through Sadhana in Badrinath and the Mana area, the last village on the way to Babaji's secret Ashram in Santopanth Tal.

We have scheduled this pilgrimage during the time of year when the climate in the Himalayas is most pleasant, following the monsoon rains and before the winter snowfalls (when the entire Badrinath area closes, and residents must leave the town). Some mornings may be quite cold, but the days will be sunny.

The hotels along the way were carefully selected to provide as much international comfort as possible. We will use excursion buses for major land transfers, and the stay in Badrinath will be at Babaji's newly built Kriya Yoga Ashram. Before reaching Badrinath, we will spend a few days in Rishikesh, at the foot of the Himalayas, to allow participants time to acclimate to the landscape and Indian customs. After that, we will ascend gradually to Badrinath.
